

Vibtech

Mechanical Services Inc.

For years, we've been asked, "Can you help us with repairs?" Until now, we've focused on providing our customers with accurate, timely information. But we've decided the time is right, and we are happy to announce...

REPAIR SERVICES ARE NOW AVAILABLE!

The market leader in Predictive Maintenance, Vibtech's new Mechanical Services Division now adds the option of on-site repairs to our corporate offering. Have your repairs performed by experts who are not only committed to the most exacting standards in the industry, but are also willing to back up their service with four times the normal warranty - a full 12 months! ¹

The following is a list of some of the services offered:

- On-site bearing replacements
- Bearing maintenance and lubrication
- Shaft replacement
- Precision laser alignments and balancing
- Belt installation and tensioning
- Motor bearing replacement
- New equipment commissioning

Improve quality and productivity by investing in on-site repairs that will make a real difference to your bottom line. Get your machinery repaired quickly and properly, the first time and every time!

All work performed is covered by a 90 day warranty ¹, with the option to extend this coverage up to a full year. This guarantee, combined with Vibtech's long-standing history of quality maintenance, will ensure you of worry-free repairs.
